

St. Paul Construction Guide

Parking and Entrance Instructions

Beginning October 1, CLUES' St. Paul Headquarters site will be under construction as our new expansion is built. During this time, **CLUES' main entrance will be located on Margaret Street. This is the only entrance through which clients may enter CLUES' space.**

The entrance to the Consulate of Mexico has been shifted slightly to face 7th Street. The door at the northwest corner of CLUES' building will be a **staff entrance and emergency exit only.**

Throughout the construction, parking will be limited in the **CLUES Parking Lot.** To reach the entrance from this lot, follow the marked paths around the construction zone. **Do not attempt to pass through the construction zone.**

Additional parking is available on Margaret and surrounding streets and in the **St. John Lutheran Church Lot.** This lot is accessible via Margaret and Beech Streets as shown below. Park only in spots labeled CLUES. To reach CLUES from this lot, exit the lot to the south toward Margaret Street, then continue down Margaret until you reach CLUES Entrance (see below).

CLUES' expanded headquarters are expected to open in **Spring 2019.** Please visit CLUES' website and follow us on Facebook and Twitter for updates as construction progresses. Should you have any questions or concerns, please feel free to contact us at info@clues.org or 651-379-4200.
